1 Vol. 956 PAGE 410

hereinafter called "the Association", and for the appointment of an ARCHITECTURAL STANDARDS COMMITTEE, hereinafter called "the Committee". The Association and the Committee shall have the rights, powers and duties provided for herein. The Association shall be governed by its Articles of Incorporation and by-laws and the Committee shall be governed by its by-laws. Until such time as Grantor has sold all of the residential lots in all Sections of Woodway within the boundaries shown of the preliminary plat of Woodway prepared by URBAN ENGINEERING, dated _____ 1977, as well any other Section of Woodway which might be developed by Grantor within three (3) years of filing this instrument, Grantor shall name the Directors of the Association and the Members of the Committee.

B. Grantor shall, upon the sale of all of the residential lots of all sections of Woodway, but not later than January 1, 1990, allow members in the Association (lot Owners) to vote. The members of the Association shall thereupon and thereafter elect the Directors of the Association in accordance with its Articles and by-laws; and the Association shall thereupon and thereafter name the members of the Committee.

C. Each residential lot in the subdivision (exclusive of those owned by Developer) shall be subject to an annual maintenance charge, hereinafter called "maintenance charge", not to exceed \$360.00 per year, or an amount in excess thereof agreed to by a majority of the lot owners, excluding lots owned by Developer.

The maintenance charge shall be secured, collected, managed and expended as follows:

1. The maintenance charge for each lot shall be due and payable annually, in advance, on the first day of January following the sale of such lot by Grantor, and on the first day of each January thereafter. The maintenance charge for the year of the sale by Grantor shall be pro-rated and the purchaser's pro-rata share shall be paid to the Association upon the closing of the sale. Maintenance charges not paid when due shall bear interest at the rate of 10% per annum or such greater rate as may be provided by the laws of the State of Texas. No maintenance charge shall begin to accrue on any lot until the sale thereof by Grantor.

2. The maintenance charge for each calendar year until changed is hereby fixed at \$240.00 per lot per year. The maintenance charge may be adjusted by the Association from year to year, not to exceed an amount specified in paragraph C above, consistent with the needs of the subdivision as determined by the Association.

3. The maintenance charges shall, when paid, be deposited in a separate maintenance fund bank account. The maintenance fund shall be held, managed, invested and expended by the Association, at its discretion, for the benefit of the subdivision and the owners of residential lots therein. The Association shall, by way of illustration and not by way of limitation, expend the maintenance fund for improving and maintenance of street, roads, esplanades, parks, parkways, sidewalks, and vacant lots in Woodway; collection of garbage and refuse; patrol and security services; fogging and spraying for insect control; street lighting; recreational areas and faci-

lities; enforcement of these Restrictions, by action at law or in equity, or otherwise, paying court costs as well as reasonable and necessary legal fees out of the maintenance fund; and for all other purposes which are, in the discretion of the Association, desirable in maintaining the character and value of Woodway and the residential lots therein. The Association shall not be required to have a separated maintenance fund for the various Sections of Woodway nor shall it be required to expend portions of the fund in any particular Section or Sections. The Association shall not be liable to any person with respect to the maintenance fund except for its willful misdeeds. It shall not be required to expend funds at any time but shall have the right to advance money to the fund, or borrow on behalf of the fund, paying then current interest rates.

4. If, in the opinion of the Association it shall become necessary to bulkhead Spring Creek along any property line, the Association shall advise any such lot owner of this necessity, and such owner shall commence bulkheading within a reasonable time. Should the owner fail to take such action the Association shall be authorized to do such necessary work and charge the costs to the owner, affixing a lien on the property to secure repayment.

5. To secure the payment of the maintenance charge, vendor's lien is hereby retained on each lot in favor of the Association and it shall be the same as if a vendor's lien was retained in favor of Clark School Development Co. and assigned to the Association without recourse in any manner on Clark School Development Co. for payment of such indebtedness. Said lien shall be enforceable through appropriate proceedings at law; provided, however, that such lien if any shall be made junior, subordinate and inferior to any lien (and renewals and extensions thereof) granted by the owner of any lot to secure the repayment of sums advanced to cover the purchase price for the lot or the cost of any permanent improvement to be placed thereon, and recorded in accordance with the laws of the state of Texas. All maintenance charge liens as provided for herein may be enforceable through any appropriate proceeding at law or in equity; provided, however, that under no circumstances shall the Association ever be liable to any owner of any lot or any other person or entity for failure or inability to enforce or attempt to enforce any such maintenance charge lien.

The Association shall, as a condition precedent to the foreclosure of any liens securing the payment of the maintenance charge, first notify the record owner of said notes secured by liens covering residential lots in the subdivision (excluding "second lien notes" and other indebtedness secondary and inferior to the "first mortgage"), by registered or certified mail, return receipt requested, of default in the payment of maintenance charges. No action shall be taken by way of filing suit or foreclosure of the maintenance charge lien by sale with respect to any residential lot until sixty (60) days have expired after mailing of such notice.

6. The provisions of this Section C shall remain in effect so long as these Restrictions, and any extensions and/or amendments hereof, are in force.

D. The Association shall function as the representative of the owners of the lots in the subdivision for the purposes herein set out as well as for all other purposes consistent with the creations and preservation of a first-class residential subdivision. The Association shall, by way of illustration, in addition to collecting and managing the maintenance fund and enforcing these Restrictions, act through the Committee to approve or

disapprove plans, publish architectural standards guidelines, and perform such functions as herein provided, for the Committee. The Association in the architectural aspects of subdivision control and may delegate to such architect or architects such portions of the architectural aspects of subdivision control as they may deem appropriate, compensating such architect or architects out of the maintenance fund or reasonable fees charged to lot owners for inspecting such plans.

E. Grantor, the Association and the Committee, as well as their agents, employees and architects, shall not be liable to any owner or any other party for any loss, claim, or demand asserted on account of their administration of these Restrictions and the performance of their duties hereunder, or any failure or defect in such administration and performance. These Restrictions can be altered or amended only as provided herein and no persons is authorized to grant exceptions or make representations contrary to these Restrictions. No approval of plans and specifications and no publication of architectural standards Guidelines shall ever be construed as representing or implying that such plans, specifications or standards will, if followed, result in a properly designed residence. Such approvals and standards shall in no event be construed as representing or guaranteeing that any residence will be built in a good, workmanlike manner. The acceptance of a deed to a residential lot in the subdivision shall be deemed a covenant and agreement on the part of the grantee, and the grantee's heirs, successors and assigns, that Grantor, the Association and the Committee, as well as their agents, employees and architects, shall have no liability under these Restrictions except for willful misdeeds.

F. No improvements of any kind or character whatsoever shall be erected, or the erection thereof begun, or change made in the exterior design thereof after original construction, of any residential lot in the subdivision until the complete plans and specifications and plot plan showing the location of the structure have been approved by the Committee or its designated coordinating architect in accordance with the following procedure:

1. Two (2) complete sets of plans drawn to scale and specifications along with applicable examination fee as set forth in Architectural Guidelines shall be delivered to the coordinating architect (or the Committee if there is no coordinating architect). Such plans and specifications shall be reviewed as to quality of design, harmony of exterior design and materials with existing or approved structures, and location with respect to topography, finish grade elevations and set-back restrictions. Such approval is to be based on the applicable requirements and restrictions set out herein.

2. If found to be in compliance with these restrictions, a letter of approval with any qualifications or modifications will be prepared for the countersignature by the builder and/or owner. Such approval shall be dated and shall not be effective for construction commenced more than six (6) months after such approval.

3. If found not to be in compliance with these Restrictions, one set of such plans and specifications shall be returned marked "Disapproved". Disapproved plans and specifications shall be accompanied by a reasonable statement of items found not to comply with these Restrictions.

4. If no action is taken of plans and specifications within thirty (30) days after their delivery to the coordinating Architect or Committee, they shall be deemed approved on the 30th day after such delivery.

5. The Committee shall from time to time promulgate and publish Architectural Standards Guidelines. A copy of the Guidelines in effect at the time will be furnished to owners and builders on request. Such Guidelines supplement these Restrictions and are hereby incorporated herein by reference. The Guidelines may make other and further provisions as to the approval and disapproval of plans and specifications, prohibited materials and other matters relating to the appearance, design and quality of improvements.
